## ANALYSIS

This is the fifth review on the subject off-premise advertising (billboard) sign. A site inspection yielded that there is graffiti on the pole. A condition of approval will require that this is removed. Additionally, with a distance separation of 290 feet the sign does not meet the required 300-foot separation distance from another off-premise advertising (billboard) sign and only 85 feet from residential property where 300 feet is the minimum required. This sign is located within the Northern Strip of the Downtown Centennial Plan. The standards set forth in this plan require off-premises advertising signs to be directly mounted to and flush with the wall of a structure and shall not be freestanding. Therefore, this sign is not in compliance with the standards of the Arts District. Also a final inspection was not conducted on the subject sign; therefore, the sign is not in compliance with city requirements. Due to these reasons denial of this request is recommended.

## FINDINGS

The subject off-premise advertising (billboard) sign is not in compliance with city requirements, the standards of the Downtown Centennial Plan, and contains graffiti. This off-premise advertising (billboard) sign is not considered appropriate for this location. Denial of this request is recommended.

## PLANNING COMMISSION ACTION
